Growing Stock

Plants shown may be available sometime in the Summer / Autumn.

Please Note:

Any questions or to place a forward order please contact us via email or phone.

Plant Qty is a rough figure.

Varieties shown below will only become available on website when rooted & if stock is available.

Certain varieties take longer than others to become fully rooted.

All forward order's will be subject to any price increases.

Order requirements: Minimum spend of £40 ex-vat not including the delivery charge.

All orders of 720 or more plants are free delivey except to certain remote UK postcode areas.

See the websites shipping and delivery for charges.

If you are placing an order or have placed a forward order from this list, your order

will only be processed when **All the plants in your order are rooted and ready**

this will depend on the plant variety as some take longer to root than others.

The weather will effect the plants as we do not grow with artifical heat or light.

Some plant species can take a while to fully root and we may acure some losses during the winter.

if a plant variety has any losses we will put what stock is available into your forward order.

We thank you in advance for your patience and understanding.

If you wish to **cancel your order at anytime please contact us as soon as possible.**
